Attachments: Vikings vs Jaguars Threat Assessment.pdf, FOUO Vikings 2018 Season.pdf

Good Evening All-

Please find attached the Threat Assessment for the **Vikings vs Jaguars** Game. This is a confidential document that has been put together by our public safety partners and myself. I have also attached a season long threat assessment that the Minnesota Fusion Center put together for us.

At this time, there are no credible threats related to the game on Saturday. We are also monitoring the chatter with regards to Tuesday's "Super EID" event. There are no credible threats for this event on Tuesday, nor is there any mention of protests taking place during the game on Saturday. Our Public Safety Partners will be monitoring everything closely.

If you have any questions, please let me know.

Have a great night,

Billy
